

DEPARTMENT OF BIOTECHNOLOGY

PROGRAMME EDUCATIONAL OBJECTIVES

- I. To provide basic foundation in mathematical, science and engineering fundamentals to comprehend analyze, design and create novel products.
- II. To prepare students to pursue higher education and excel in technical profession.
- III. To imbibe students with professional, ethical and human values.
- IV. To develop biotechnology engineers conversant with global safety standards.
- V. To build team work, effective communication skills, multidisciplinary approach and an ability to relate engineering to broader societal context.
