ACME Presents

POTENZIA

Date: 7th April 2023
Venue: ECE department
Time:9.30 am

ACME Faculty Coordinators:

Dr. Ashok Sutagundar
Department of Electronics and Communication Engineering

Dr. Kirankumar B. B.
Department of Electronics and Communication Engineering

REPORT

On 7th April 2023 at 9:30 am, ACME of the Electronics and Communication Department organized a technical event **"POTENZIA"** for students of the Electronics and Communication Department. All the year students of the electronics and communication engineering department showed their keen interest and participated enthusiastically.

Dr. Shridhar S.K(HOD, ECE Department.) welcomed the gathering and the participants to the event.

Dr. A. V. Sutagundar (Faculty Co-ordinator, ACME) addressed the gathering and detailed the list of events to the participants.

Dr. Kirankumar. B. B. (Faculty Co-ordinator, ACME) discussed the rules to be followed by the participants.

Dr.S. S. Injagneri, the Principal of the college blessed our event with his presence.

List of events held:

1) Quizzophillia
2) Code Masterzz
3) Pick n Pitch
4) Scavenger search

Quizzophilia report

Name of the event: Quizzophilia
Date: 7th April 2023
Location: ECE department

The intra-department level technical event "POTENZIA" was organized by ACME as the Diamond Jubilee celebration of our department. Under which an event " Quizzophilia " was organized and took place in our branch premises on 7th April 2023 in the presence of the HOD (Electronics and Communication) and ACME coordinator.

This event is part of the main technical event named "POTENZIA". This was organized with the objective to provide a platform for the students to showcase their knowledge, multitasking, and time management with a competitive spirit.

The event "QUIZZOPHILIA" was successful enough to attract as many as 70+ registrations. Basically, this consists of 3 exciting rounds;
1. The Elimination Round
2. Audio and Video Round
3. Rapid Fire and Buzzer Round
The participation was in pairs, and later on the teams were merged based on the demand of the round.
For the first round, there were 25 questions to be solved by participants and the time given was 30 minutes.
For the second round, the top 20 teams i.e in total 40 participants were selected from the previous round. This round consisted of 20 questions based on the Audio and Video shown to the participants.
For the final round out of 40 only 16 participants were selected. Participants were divided into 4 groups each of four members. The winner was announced based on the total marks obtained by the Teams in Rapid Fire and the Buzzer round.

Pick 'n' Pitch report

Name of the event: Pick 'n' Pitch
Date: 7th April 2023
Location:

The intra-department level technical event "POTENZIA" was organized by ACME as the Diamond Jubilee celebration of our department. Under which an event " Pick 'n' Pitch " was organized and took place in our branch premises on 7th April 2023 in the presence of the HOD (Electronics and Communication) and ACME coordinator.

This event is part of the main technical event named "POTENZIA". This was organized with the objective to provide a platform for the students to showcase their creativity, reasoning skills, stage presence, and time management with a competitive spirit.

The event " Pick 'n' Pitch " was successful enough to attract as many as 40+ registrations.
This event was a single-round event, participants were divided into five groups based on the chit-selection method. Each team was given an item and was demanded to provide their overall view of that item.
Participants demonstrated their ideas in various forms. The winners were announced on basic judging criteria and Audience interaction.

Code Masterzz report

Name of the event: Code Masterzz
Date: 7th April 2023
Location:

Code Masterzz was one of the competitions conducted under **'POTENZIA'.** Nearly, 40 teams were registered, and each team of two members. It consisted of two rounds and the first round was related to checking the mental ability, critical thinking, and basics of C Programming language. It had 30 questions where 15 questions were of Aptitude and the remaining 15 questions of C code snippets and the time given was 40 minutes. It was conducted on the Quizizz platform.

For the second round, the top 6 teams were selected from the first round. It required problem-solving skills, and coding knowledge to complete this round. It was conducted on the "Hackerrank" platform. It had 8 problem statements with different weightage of marks. The participants could choose any of them and write code to solve the problem. The team which got the highest marks is the winning team.

Overall, this competition improved the programming skills, and aptitude skills of the participants and it also helps in their placement.

Scavenger search report

Name of the event: Scavenger Search
Date: 7th April 2023
Location:

The intra-department level technical event "POTENZIA" was organized by ACME as the Diamond Jubilee celebration of our department. Under which an event "SCAVENGER SEARCH" was organized and took place in our branch premises on 7th April 2023 in the presence of the HOD (Electronics and Communication) and ACME coordinator.

This event is part of the main technical event named "POTENZIA". This was organized with the objective to provide a platform for the students to showcase their talent with a competitive spirit.

The event "SCAVENGER SEARCH" successfully attracted as many as 70+ registrations. Basically, this consists of 2 exciting rounds;
1. The Riddle Riddler
2. The Maze.
The participation was individual. Overall, time management, mental ability, and problem-solving skills were required.
For the first round, there were 20 questions to be solved by participants and the time given was 25 minutes.
The top 20 participants from the previous round were selected for the second round and the 5 teams were made. This was the maze round and was a much more exciting round. There was a chit given to each team initially and in that, there was a hint given to find another chit, and the same followed. Some questions related to ECE subjects have to be solved to get the hint. And the team which completes all the tasks n find the final answer was the winning team.
