...but we often don't give enough credit to those responsible for imparting knowledge in us. Today, as I rewind my memories by 20 years (2000), and cherish the day when I decided to join Basaveshwara Engineering College, Bagalkot. It was the campus, state of the art infrastructure, library full of books and positive feedback from my seniors. And then after joining, what really made significant difference was the passionate and committed professors and their hunger to get best out of every student. I still remember the feedback I received after my computer lab exam, from one of the professors who did not know my name until that day. This attitude of providing recognition and appreciation only by merit is rare these days, but it had been a guiding principle in BEC

My heartfelt thanks to HOD and all my lecturers for recognizing a guy who is from a core village (At: Asuti, Tq: Ron, Dist: Gadag).

It's my privilege and honor in the book of Basaveshwar Engineering College, Bagalkot. It was really great platform to build my career and growth.

I thank each individual faculty for their great support and encouragement.

Thank you.

It was my immense fortune to be the part of BEC MCA Department and with great pride I say that I completed my Masters in this institute.

The infrastructure of the college is one of the finest in this region is what stands out the most and getting drawn more and more students every year. With a wide gamut of knowledge, the professors here always tried to keep them updated and are highly industry-oriented. Their efforts transformed me into a better person and a professional next.

The entire faculty including non-teaching staff leaves no stone unturned to shape one's future. Including the departmental and annual events organized by the college are very excited and always witnessed huge crowd and appreciations. Even after completing the Post Graduation, the department was/is always in touch with us.

I feel immense respect, love, and gratitude (will be a small word) for all the faculty members and the department to carry memories to cherish for my lifetime.

My Self Kavita Nesur, I am 2011 BEC MCA pass out student, my journey as student was really history as all my faulty knows. I am poor average student. The college experience was my initial step into finding my future career. Leaving home for the first time in my life and finding out if I have the skills to make it in the real world. Continuing my education in hopes of finding a great career. Opening a new chapter in life. Not seeing people that I'm used to seeing every day and adjusting to a different kind lifestyle. It is a make it or break it moment in my life. But all that I overcome with having friendly faculty and my best friends without their support I am nothing today. I am great full to be a part of BEC MCA Student.

My learning OR take away from BEC MCA is

"Don't be afraid of Failure". "If you Fail you will learn more".....

As per my words

BEC MCA is very good college to join.

We had good onboard and all staff helped us to familiar with college environment.

MCA teaching staff has very good amount of knowledge. Helped all of us to have good knowledge on academic subjects.

They helped us to prepare for campus drive and project sessions.

It was very good to be part of BCE MCA 2009-2012 batch

It was a such great experience to be a part of BEC Bagalkot. Choosing BEC Bagalkot for pursuing MCA was one of the best decision I've ever took in my life.

The life at BEC is really amazing; be in terms of Infrastructure, faculty support or teaching-learning process. The best part about this college is practical teaching process via various Workshops, Seminars and Training's.

I am very glad to share a positive journey of MCA at BEC. One of the best times that I've had from every single perspective – academics, teachers, wonderful ambiance to learn, friends – the entire experience.

The professors are dedicated and co-operative. The blend of classroom, extracurricular, cultural and social activities are very helpful to mould students as unique individuals. There are limitless extracurricular activities which provide a platform to showcase students' talents beyond academics but it is student responsibility to grab that and use it in good manner. Every possible care has been taken while designing the infrastructure of the college – spacious classrooms, cafeteria, and well-stocked library. I am thankful for being a part of BEC. Time flew by, but the memories and lessons learnt will be treasured for a lifetime

In short, BEC Bagalkot is one of best MCA Institution in Karnataka."

Dhanashree S Shirur

Hello everyone,

I Dhanashree Shirur, proud to be an Alumni of MCA dept, BEC, bgk. I earnestly grateful for the recognition of my academic and non academic performance. When I admitted to the course of MCA, I stood below competition line, but by the selfless efforts of all my teachers and heart-full extended helping hands of all my friends pushed me into the self competition world.

With the blessings of my Parents, my gurus, I started learning things and enjoyed my part here in the MCA department. I am very thankful to my parents, all my teachers, classmates and my friends who brought me to the front line of the journey. Thank you very much for this invaluable award.
