Basaveshwar Engineering College (Autonomous), Bagalkot
Department of Automobile Engineering

Best Practices In The Department

Sl.No.	Best Practices Adapted	Date/Year	Report with Photographs (Link) (Optional)
1.	Concept and Design	16/04/2021	 <p style="text-align: center;">Fig1 Fabrication of model</p> <ol style="list-style-type: none">1. Basic theory for product design and development.2. Principles of design representation.<ul style="list-style-type: none">• Sketches, prototypes language of design• Craftsmanship, engineering excellence.3. Working Models. <p>Corse Instructor: Prof. S. J. Sanjay</p>

2. **Flipped Classroom**

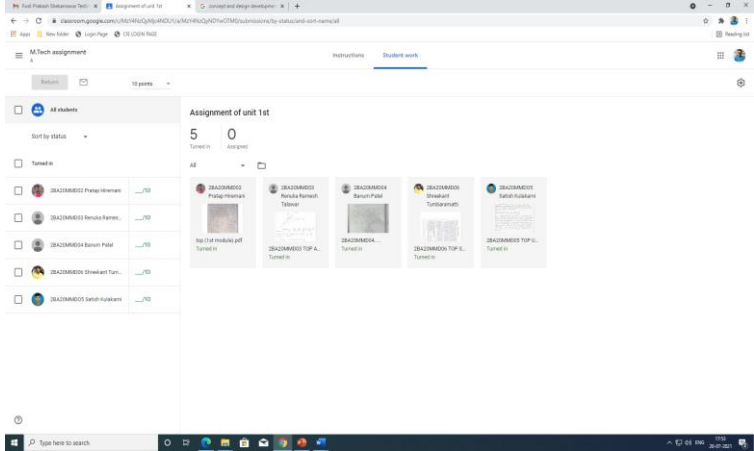

22/06/2021

In flipped classroom, students engage with the lecture or collect the information outside the class to prepare for an active learning experience in the classroom.

After the preparation and design of activities for the class, Course Instructor will monitor, guide, and support the learning process of the students. Students will have varied levels of understanding and comprehension after having completed the out-of-class work. After assessing their understanding in the online environment, course instructor will call the students to perform the activities in individual or in the group.

Course Instructor: Prof. S. J. Sanjay

<p>3.</p>	<p>Continuous Assessing of Students</p>	<p>30-06-2021</p>	 <p>Students are giving assignment questions based on the topic covered. As this can quickly prove the understanding in online mode. The faculty can give the instructions to students upload documents to the Google Drive. In this case, you can create a course folder.</p> <p>Course Instructor: Prof. S. J. Sanjay</p>
<p>4.</p>	<p>Webinar as Educational Tool</p>	<p>11-05-2021</p>	 <p>Students are motivated to attend webinars, which add a tremendous amount of value to the learning process.</p>
